

# Say Whatcha Gotta Say

I'm in a mood, I'm in a mood.  
Stuck in a rut with an attitude.  
I'm in a mood, I'm in a mood today.

*Chorus:*

Say, what's with you? What's up with you today?  
Come play your tune, say whatcha gotta say.

Fine. I'm in a funk, I'm in the blues, you can call it junk , you can call it news  
But this afternoon my friends and I were fine,  
When one of my friends, I heard her say to another girl who passed our way  
She said some stuff that really crossed the line.

*Chorus*

What do I do, I'm in a fix? Saturday night and almost six,  
So many things to do, I can't decide.  
One of my friends was all about "Let's go to the mall and just hang out,"  
But my momma said "no way," but at least I tried.

*Chorus*

I'm in a mood, I'm in a mood.  
Stuck in a rut with an attitude.  
I'm in a mood, I'm in a mood today.

I'm in a mood, I'm in a mood. I guess you could call it an attitude.  
'Cause a friend of mine just called and picked a fight.  
Now I'm stuck, I'm in a rut, wanna call her back and say "What's what?"  
So hold me back, or I just might.

*Chorus*

I'm in a mood, I'm in a mood.  
Stuck in a rut with an attitude.  
I'm in a mood, I'm in a mood today.

Say whatcha gotta say.
